* CT State law requires CT nursing facilities to provide, at a minimum, a 5% discount on the nursing facility rate to every person that owns a CT Partnership-approved long-term care insurance policy. Actual (not rounded) figures were used to calculate the 5% discount.

Please note that the “Average Daily Rate” shown above refers to a weighted average of the rates charged on September 30, 2024 for a **semi-private room** in Connecticut nursing facilities as reported in the following pages.

The actual daily charge in a specific nursing facility may be higher than what is reported due to subsequent changes in the daily rate and/or due to additional fees for items, such as, prescriptions, “unbundled” services (some facilities may charge extra for certain therapies, like physical therapy), telephone, cable TV, linen services, and hair care.

² Average annual nursing facility rates have been rounded to the nearest \$100.00. Actual (not rounded) figures were used to calculate the average annual rates.
